# Proclamation of Nation State: Nationen Danmark

Established autumn Two Thousand and Twenty Two

## Preamble

For the sake of justice and truth for the whole Nation of Danmark, this Proclamation of a Sovereign Nation State by the name: Nationen Danmark has been established by the de jure government of the people of The Nation of Danmark: Council of the Seven Acephali as the only real remedy to counter the crimes against humanity and the Trust ex maleficio by KINGDOM OF DENMARK, CIK NO. #0000028095, the de facto state and commercial administrator of Slotsholmen and not the Nation lands known to the world as Danmark. Both the Ministry of Foreign Affairs and Justice Department of KINGDOM OF DENMARK has in writing clearly stated that they only have jurisdiction 200 nautic miles outside the land known as Danmark; hence a claim to territory is a fiction. KINGDOM OF DENMARK is but the island known as Slotsholmen - nothing else. This Proclamation of Nation State - corrects that administrative error.

From now on, this is collectively called: Danmark. The island: Slotsholmen excluded. We hereby declare all other claims null and void.
